THE REPLY FILED 19 March 2004 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE. Therefore, further action by the applicant is required to avoid abandonment of this application. A proper reply to a final rejection under 37 CFR 1.113 may only be either: (1) a timely filed amendment which places the application in condition for allowance; (2) a timely filed Notice of Appeal (with appeal fee); or (3) a timely filed Request for Continued Examination (RCE) in compliance with 37 CFR 1.114.

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension at 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or at forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if ed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).
	A Notice of Appeal was filed on Appellant's Brief must be filed within the period set forth in 37 CFR 1.192(a), or any extension thereof (37 CFR 1.191(d)), to avoid dismissal of the appeal.
2. 🖾 🗆	The proposed amendment(s) will not be entered because:
(a)	⋈ they raise new issues that would require further consideration and/or search (see NOTE below);
(b)	☐ they raise the issue of new matter (see Note below);
(c)	they are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or
(d)	☐ they present additional claims without canceling a corresponding number of finally rejected claims.
	NOTE: See Continuation Sheet.
3. 🗌 🛚	Applicant's reply has overcome the following rejection(s):
	Newly proposed or amended claim(s) would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).
	The a)⊠ affidavit, b)⊡ exhibit, or c)⊠ request for reconsideration has been considered but does NOT place the application in condition for allowance because: <u>See Continuation Sheet</u> .
	The affidavit or exhibit will NOT be considered because it is not directed SOLELY to issues which were newly raised by the Examiner in the final rejection.
	For purposes of Appeal, the proposed amendment(s) a) will not be entered or b) will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.

U.S. Patent and Trademark Office PTOL-303 (Rev. 11-03) Continuation of 2. NOTE: The proposed claim amendment has changed the scale of measurement for FST immobility, which potentially raise new issues under 112 § 1st paragraph in view of the newly filed Declaration, and under § 102 or 103, and thus requires further ³ search and consideration.

Continuation of 5. does NOT place the application in condition for allowance because: The Declaration indicated that a WKY rat with an FST score of lower than about 6 does not exist in nature. However, the parental rats used for breeding as disclosed in the specification had the score of 6 and 7 respectively, which are product of nature and have a score of lower than ABOUT 6. The arguments are moot because they are drawn to amended claims, which have not been entered.
